Rada's guests have come (yes mother)
Rada's guests have com (rado)
Ref : look look lassie, under the lilac she fell asleep, petals on
her face.
Guests came and brought the horse with them
And on the horse was a blue saddle ;
On the saddle, a young maiden (yes mother)
Beautifully dressed (rado)

With a white scarf adorned (yes mother)
On the white scarf a garland
On the garland a curved feather
On the feather trembling tassles
As the tassles tremble, so the heart of the young man trembles
Thus the heart of the young man trembles
For the Rada's white face
